

ISAAC GARRETT BENEFIT

FEATURING THE MODERN COWBOYZ

Isaac Garrett was born on May 7, 2016. Isaac was diagnosed with Spina Bifida and at 24 weeks gestation he had a fetal surgery to try and reverse some of the damage caused by Spina Bifida. He had a lengthy stay in the NICU after birth and has made the venture to St. Louis countless times after to see specialists in order to get the best care possible and create a bright future for this miracle baby. This family has blessed so many and it is our turn to bless them. We would love to see you come support them as we try to help them conquer the medical bills, travel expenses, and equipment that "Superhero Isaac" needs. Please join us for an afternoon/evening of fun to support the Garrett family. There will be fun, food, and entertainment for all ages!

Saturday, October 22, 2016
