

E-K PETROLEUM GRAND OPENING SULLIVAN, IL MAY 21ST, 2010

The Illinois Clean Air Choice Team recently celebrated the Grand Opening of E-K Petroleum in Sullivan, home to the first ethanol blender pump in downstate Illinois. E-K Petroleum was awarded a 2009 IL Ethanol Blender Pump Program grant from the Illinois Department of Commerce and Economic Opportunity and the Illinois Corn Marketing Board to help defray the additional cost of the ethanol blender pump. State legislators, state officials, local government representatives, and area corn growers took the opportunity to attend and speak at the Grand Opening. E-K Petroleum generously treated the public to discounted prices on blends of ethanol fuel including E85, E50, and E30 during the event.
